081. DECLARATIONS OF INTEREST

None

082. DEVELOPMENT PLANS

A schedule of work still to be undertaken had previously been circulated with costing estimates from the original schedule of works required prepared in 2014. The remaining concrete column replacements having now been completed, there remains £7,600 not committed from this year's budget. Members discussed options on prioritising the remaining works, and agreed two proposals.

**Proposal One**

To continue conversion of the main bus route through the village from the top of Daddlebrook Rd towards Arley Lane.

This would be the preferred option.

From the figures obtained in 2014 it would appear that this proposal would not be possible at this stage as it slightly exceeds our available budget.

**Proposal Two**

To continue conversion from the top of Daddlebrook Rd down Vicarage Bank towards the Industrial estate. This less expensive proposal would allow some budget for conversion of Centre Place and some outlying lamps.

**It was resolved that**

- (i) the Chairman would discuss options with Eon to see if proposal one could be achieved within budget, possibly by fitting a Victorian style lantern to the Old Post Office rather than the planned new column and lamp.
- (ii) If Proposal One cannot be achieved within budget then to proceed with Proposal Two.

18/19/28

ALVELEY AND ROMSLEY PARISH COUNCIL

- (iii) Following discussion with Eon the Chairman to prepare a schedule of work for the appropriate proposal and forward to the Clerk to raise a Purchase Order.

083. NEXT MEETING

No date was fixed for the next meeting.

K. Stanton. (Committee Chairman)

**Note** The Chairman's subsequent discussion with Eon enabled Proposal One to be purchased within the available budget.
