ALVELEY AND ROMSLEY PARISH COUNCIL
NEIGHBOURHOOD PROJECTS FOR INCLUSION IN PLACE PLAN

Project	Estimated Cost	Potential Funding Sources	Partners	Notes
Neighbourhood Projects				
Community Infrastructure (and Environment)				
Provision of CCTV at Cook's Cross, covering shops and nearby houses, and at other locations in Alveley, to deter vandalism and other rural crime	£5,000	West Mercia PCC 50% Parish Council 50%	Parish Council West Mercia PCC	There will be an ongoing revenue cost
Additions and improvements to existing leisure facilities and activities to target the specific needs of different groups e.g. young adults, the elderly	Not known	Parish Council Other Partners	Parish Council Alveley Sports and Social Club Alveley Recreation Association Alveley Cricket Club	It is proposed to consult with all Partners to coordinate future developments so that as many residents as possible have access to appropriate and attractive leisure opportunities within the area.
Provision of Smartwater Security Marking across the Parish Council Area	£5,500	West Mercia PCC 25% Parish Council 75%	Parish Council West Mercia PCC	Application for funding under 'We Don't Buy Crime' initiative
To develop biodiversity within the Parish Council area by managing 'green spaces' more imaginatively, including experimenting with different and/or flexible mowing regimes to encourage seasonal wild flowers. The programme could include autumn bulb planting in selected spaces, and the development of road-side nature reserves.	Not known (but could be redirection of existing resources)	Shropshire Council Parish Council	Shropshire Council Parish Council	Projects would be based on wide consultation across the Community and would encourage community involvement.
To protect the heritage of Alveley village by extending and promoting the integrity of the Conservation Area	Not known	Shropshire Council Parish Council	Shropshire Council Parish Council	If Alveley becomes a community hub, and is subject to significant development, it will be

Project	Estimated Cost	Potential Funding Sources	Partners	Notes
				essential to preserve sites and buildings of historical significance.
Economic Opportunities				
To encourage enterprises that are more appropriate to Alveley Industrial Estate's location and infrastructure, by promote small 'high-tech' enterprises; this will require a high-quality digital infrastructure including fast fibre broadband.	Not known	Shropshire Council	Shropshire Council	
Housing, Health, and Education				
Provision of a range of affordable housing types to make local housing accessible to e.g. farm workers and young adults, with a focus on proposed developments in the new Local Plan. Proposals developments to include building design and infrastructure improvements which enhance road safety and avoid traffic congestion, as well as including improved sewage and, where necessary, flood prevention facilities.	Not known	Shropshire Council Developers	Shropshire Council Developers	Design of projects to be informed by recent Housing Needs Survey
Transport and Accessibility				
Local highway improvements, including speed and safety, public realm enhancements, and promotion of sustainable travel. Improvements to include provision of passing places on access road to Severn Valley Country Park, and expansion of secure off-road parking.	Not Known	Shropshire Council	Parish Council Shropshire Council	Not currently within the Highways programme. Need for more emphasis on preserving the fabric of rural roads.

Project	Estimated Cost	Potential Funding Sources	Partners	Notes
Improve the cycle and pedestrian network with the aims of - (a) developing bridleways into a 'trail network' shared by cyclists and walkers, as well as horse-riders, which would promote health and safety, and encourage cycling to school. (b) improving footpaths to allow 'level access' by replacing stiles with kissing gates.	Not known	Shropshire Outdoor Partnership (SOP) Parish Council	Parish Council SOP Alveley Strollers and Striders
